

Coronavirus Vaccine Shot Clinic

The Poplar Schools, in coordination with IHS, are offering a Covid19 vaccination clinic for all students currently enrolled in the district. This clinic will take place on January 12th, 2022, 10am-Noon, in the HPDP School Clinic of the Poplar Schools and will include first dose and booster vaccinations.

Not only is parent/legal guardian consent required for the vaccine to be given, but the Poplar Schools are also requiring parents/legal guardians to be present during the shot clinic to assist with their student should an adverse reaction occur.

Students will be bringing the *Consent Form for Schools* home on Friday, January 7th. Please return the *Consent Form for Schools* form on Monday, January 10th, to your student's school office at the beginning of school. IHS needs to know how many vaccines will be needed for the clinic on Wednesday, January 12th.

Once a student is vaccinated during the shot clinic, please monitor for signs and symptoms, and keep your student home if they exhibit any symptoms.

SCHOOL/HOME PARTNERSHIP

WE BELIEVE THAT OUR RELATIONSHIP IS BUILT ON MUTUAL RESPECT OF EACH OTHER. IT IS VITAL THAT WE PARTNER TO ENSURE SELF-MONITORING (STUDENTS, PARENTS, AND STAFF ALIKE), WHICH WILL ALLOW US TO WORK TOGETHER FOR THE BETTERMENT OF OUR SCHOOLS.
