

# Poplar Schools 9&9B

In support of the School board's defined *Purpose*, these pillars provide the basis for a framework and an action plan of the District which the superintendent will implement.

## SY24 Superintendent's District Goals:

**Health and Wellness Pillar:** *Understanding trauma informed practice for students and staff to implement a system which readies learners.*

- Committed to mission/purpose and vision/direction development
- We run fifteen-minute circles on any given day.
- Create a set of SEL/Behavior expectations across the district.

**Teaching and Learning Pillar:** *Analyzing individual student learning to make data-informed decisions for differentiated instruction.*

- Committed to mission/purpose and vision/direction development.
- Integrate observation data to guide effective implementation of teaching and learning strategies.
- Strengthen the foundation of K-12 curriculum, instruction, and assessment throughout the K-12 setting.

**Operations Pillar:** *Institute a framework for all operations which reflects our student's wellbeing as the focal point for all decisions.*

- Committed to mission/purpose and vision/direction development.
- Instill a commitment to the safety and security of all students, staff, and community while present within the district or on district sponsored activities.
